Introduction to the Smile PPO

Blue Shield Life's dental plans are administered by a Dental Plan Administrator (DPA), which is an entity that contracts with Blue Shield Life to administer the delivery of dental services through a network of Participating Dentists. A DPA also contracts with Blue Shield Life to serve as a claims administrator for the processing of claims for services received from Non-Participating Dentists.

Before Obtaining Dental Care Services

You are responsible for assuring that the Dentist you choose is a Participating Dentist. Note: A Participating Dentist's status may change. It is your obligation to verify whether the Dentist you choose is currently a Participating Dentist in case there have been any changes to the list of Participating Dentists. A list of Participating Dentists located in your area, can be obtained by contacting a Dental Plan Administrator at 1-888-679-8928. You may also access a list of Participating Dentists through Blue Shield Life's internet site located at <http://www.blueshieldca.com>. You are also responsible for following the Pre-certification of Dental Benefits Program that includes obtaining or assuring that the Dentist obtains Pre-certification of Benefits.

Note: A Dental Plan Administrator will respond to all requests for pre-certification and prior authorization within five (5) business days from receipt of the request. For urgent services in situations in which the routine decision making process might seriously jeopardize the life or health of an Insured or when the Insured is experiencing severe pain, a Dental Plan Administrator will respond within 72 hours from receipt of the request.

Failure to meet these responsibilities may result in denial of benefits. However, by following the Pre-certification process both you and your Dentist will know in advance which services are covered and that benefits are payable.

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED.

Choice of Dentists

The Smile PPO is specifically designed for you to use Participating Dentists. Participating Dentists agree to accept a Dental Plan Administrator's payment, plus your payment of any applicable Deductible and Copayment, as payment in full for Covered Services. This is not true of Non-Participating Dentists.

Participating Dentists submit claims for payment after Dental Care Services have been rendered. Payments for these claims go directly to the Participating Dentist. You or your Non-Participating Dentists submit claims for reimbursement after services have been rendered. If you receive Dental Care Services from Non-Participating Dentists, you have the option of having payments sent directly to the Non-Participating Dentist or sent directly to you. A Dental Plan Administrator will notify you of its determination within 30 days after receipt of the claim.

Participating Dentists do not receive financial incentives or bonuses from Blue Shield Life.

You may access a Directory of Participating Dentists through Blue Shield Life's Internet site located at <http://www.blueshieldca.com>. The names of Participating Dentists in your area may also be obtained by contacting a Dental Plan Administrator at 1-888-679-8928.

Pre-certification of Dental Benefits

Before any course of treatment expected to cost more than \$250 is started, you should obtain Pre-certification of Benefits. Your Dentist should submit the recommended treatment plan and fees together with appropriate diagnostic X-rays to a Dental Plan Administrator. A Dental Plan Administrator will review the dental treatment plan to determine the benefits payable under the plan. The Benefit determination for the proposed treatment plan will then be promptly returned to the Dentist. When the treatment is completed, your claim form should be submitted to a Dental Plan Administrator for payment determination. A Dental Plan Administrator will notify you of its determination within 30 days after receipt of the claim.

The dental plan provides Benefits for Covered Services at the most cost-effective level of care that is consistent with professionally recognized standards of care. If there are two (2) or more professionally recognized procedures for treatment of a dental condition, this Plan will in most cases provide Benefits based on the most cost-effective procedure. The Benefits provided under this plan are based on these considerations but you and your Dentist make the final decision regarding treatment.

Failure to obtain Pre-certification of Benefits may result in a denial of benefits. If the Pre-certification process is not followed, a Dental Plan Administrator will still determine payment by taking into account alternative procedures; services, or materials for the dental condition based on professionally recognized standards of dental practice. However, by following the Pre-certification process both you and your Dentist will know in advance which services are covered and the Benefits that are payable.

The covered dental expense will be limited to the Allowable Amount for the procedure, service, or material which meets professionally recognized standards of quality dental care and is the most cost effective as determined by a Dental Plan Administrator. If you and your Dentist decide on a more costly procedure, service, or material than a Dental Plan Administrator determined is payable under the Plan, then Benefits will be applied to the selected treatment plan up to the benefit maximum for the most cost effective alternative. You will be responsible for any charges in excess of the Benefit amount. A Dental Plan Administrator reserves the right to use the services of Dental consultants in the Pre-certification review.

Example:

- ◆ If a crown is placed on a tooth which can be restored by a filling, benefits will be based on the filling;
- ◆ If a semi-precision or precision partial denture is inserted, benefits may be based on a conventional clasp partial denture.
- ◆ If a bridge is placed and the patient has multiple un-restored missing teeth, Benefits will be based on a partial denture.

Participating Dentists

When you receive Covered Services from a Participating Dentist, you will be responsible for a fixed Copayment as outlined under the section entitled Summary of Benefits and Insured's Copayments. Participating Dentists will file claims on your behalf.

Services rendered for diagnostic and preventive care will be paid at 100%, subject to certain limitations as specified in the section entitled Covered Services and Supplies.

Participating Dentists will be paid directly by the Plan, and have agreed to accept a Dental Plan Administrator's payment, plus your payment of any applicable Deductible or Copayment, as payment in full for Covered Services.

If the Insured recovers from a third party the reasonable value of Covered Services rendered by a Participating Dentist, the Participating Dentist who rendered these services is not required to accept the fees paid by a Dental Plan Administrator as payment in full, but may collect from the Insured the difference, if any, between the fees paid by a Dental Plan Administrator and the amount collected by the covered Insured for these services.

Non-Participating Dentists

When you receive Covered Services from a Non-Participating Dentist, you will be reimbursed up to a specified maximum amount as outlined in the section entitled Summary of Benefits and Insured's Copayments. You will be responsible for the remainder of the Dentist's billed charges. You should discuss this beforehand with your Dentist if he is not a Participating Dentist. Any difference between a Dental Plan Administrator's or Blue Shield Life's payment and the Non-Participating Dentist's charges are your responsibility. Insureds are expected to follow the billing procedures of the dental office.

If you receive Covered Services from a Non-Participating Dentist, either you or your Dentist may file a claim using the dental claim form which may be obtained by calling Dental Insured Services at:

Insureds who are being treated for acute dental conditions, serious chronic dental conditions, or who are children from birth to 36 months of age, or who have received authorization from a now-terminated Dentist for dental surgery or another dental procedure as part of a documented course of treatment can request completion of care in certain situations with a Dentist who is leaving a Dental Plan Administrator's network of Participating Dentists. Contact Customer Service to receive information regarding eligibility criteria and the policy and procedure for requesting continuity of care from a terminated Dentist.

Financial Responsibility for Continuity of Care Services

If an Insured is entitled to receive Covered Services from a terminated Dentist under the preceding Continuity of Care provision, the responsibility of the Insured to that Dentist for Services rendered under the Continuity of Care provision shall be no greater than for the same Covered Services rendered by a Participating Dentist in the same geographic area.

1. To enroll and continue enrollment, an Insured must meet all of the eligibility requirements of the Plan.

2. Enrollment of Subscribers or Dependents is not effective until Blue Shield Life approves an application and accepts the applicable Premiums. Only Blue Shield Life can approve applications.
3. An applicant, upon completion and approval by Blue Shield Life of the application, is entitled to the Benefits of this Policy upon the Effective Date.

By completing an application, the Subscriber and/or Dependent(s) agrees to cooperate with Blue Shield Life by providing, or providing access to, documents and other information that the Plan may request to corroborate the information for coverage. If the Subscriber and/or Dependent(s) fail or refuse to provide these documents or information to Blue Shield Life, coverage under this Plan may be cancelled.

4. The Effective Date of the Benefits of a newborn child will be the date of birth if the Subscriber contact Blue Shield Life at the Customer Service telephone number listed at the back of this booklet to have the newborn child added to this Policy as a Dependent. Such request must be made within 31 days of the newborn child's date of birth. If a request to add the child as a Dependent is not made within 31 days of birth, the coverage for that child shall terminate on the 31st day at 11:59 p.m. Pacific Time.

If the Subscriber wishes to add a newborn child as a Dependent 32 or more days after birth, Blue Shield Life will require the submission of a completed application and the child will be subject to medical underwriting. This may result in the child being declined coverage by Blue Shield Life.

5. The Effective Date of benefits for an adopted child will be the date the Subscriber or spouse or Domestic Partner has the right to control the child's health care, if the Subscriber request the child be added to this Policy as a Dependent. 5. Cancellation of the Policy for Nonpayment of Premiums:

- a. Blue Shield Life may cancel this Policy for failure to pay the required Premiums, when due. If the Policy is being cancelled because you failed to pay the required Premiums when due, then coverage will end 30 days after the date for which these Premiums are due. You will be liable for all Premiums accrued while this Policy continues in force including those accrued during this 30 day grace period.

Within five (5) business days of canceling Policy, the Plan will mail you a Notice Confirming Termination of Coverage, which will inform you of the following:

- a. That the Policy has been cancelled, and the reasons for cancellation; and

b. The specific date and time when all coverage under this Policy ended.

6. Reinstatement of the Policy after Termination for Non-Payment:

If the Policy is cancelled for nonpayment of Premiums the Plan will permit reinstatement of the Policy or coverage twice during any twelve-month period, without a change in Premiums and without consideration of your medical condition, if the amounts owed are paid within 15 days of the date the Notice Confirming Termination of Coverage is mailed to you.

If your request for reinstatement and payment of all outstanding amounts is not received within the required 15 days, or if the Policy is cancelled more than twice during the preceding twelve-month period, then the Plan is not required to reinstate you, and you will need to reapply for coverage. In this case, the Plan may impose different Premiums and consider your medical condition.

Calendar Year Deductible

There is a Calendar Year Deductible of \$50 that applies to all Covered Services and supplies furnished by Participating and Non-Participating Dentists ¹. It is the amount that you must pay out of pocket before benefits will be provided for Covered Services. This Deductible applies each Calendar Year. This Deductible applies separately to each covered Insured, each Calendar Year.

¹ The Calendar Year Deductible does not apply to those Dental Services considered by Blue Shield Life to be diagnostic or preventive. Services that are considered diagnostic or preventive by Blue Shield Life are listed in section entitled the Summary of Benefits and Insured's Copayments.

Calendar Year Maximum Payment

Your Plan pays up to a maximum of \$1,000 per Insured, per Calendar Year for Covered Services and supplies provided by Participating Dentists.

Dental Necessity Exclusion

All Services must be of Dental Necessity. The fact that a Dentist or other provider may prescribe, order, recommend, or approve a service does not, in itself, make it of Dental Necessity, even though it is not specifically listed as an exclusion or limitation. The Plan may limit or exclude benefits for services that are not of Dental Necessity.

Alternate Benefit Provision

If dental standards indicate that a condition can be treated by a less costly alternative to the service proposed by the attending Dentist, the Dental Plan will pay benefits based upon the less costly service.

General Limitations

The following services, if listed on the Summary of Benefits, will be subject to limitations as set forth below:

1. One (1) in a six (6) month period:
 - a) Periodic oral exam;
 - b) Routine prophylaxis;
 - c) Fluoride treatment;

6. Space maintainers – only eligible for Insureds through age eleven when used to maintain space as a result of prematurely lost deciduous first and second molars, or permanent first molars that have not, or will never, develop;
7. Sealants – one per tooth per two (2) year period through age fifteen on permanent first and second molars;
8. Child fluoride (including fluoride varnish) and child prophylaxis – one (1) per six (6) month period through age sixteen;
9. Oral surgery services are limited to removal of teeth, bony protuberances, and frenectomy;
10. An Alternate Benefit Provision (ABP) may be applied if a dental condition can be treated by means of a professionally acceptable procedure, which is less costly than the treatment recommended by the dentist. For example, an alternate benefit of a partial denture will be applied when there are bilaterally missing teeth or more than 3 teeth missing in one (1) quadrant or in the anterior region. The ABP does not commit the Insured to the less costly treatment. However, if the Insured can the dentist choose the more expensive treatment, the Insured is responsible for the additional charges beyond those allowed for in the ABP.
11. General or IV Sedation is covered for:
 - a) 3 or more surgical extractions;
 - b) Any number of dentally necessary impactions;

Claims Review

The Plan reserves the right to review all claims to determine if any exclusions or limitations apply, and may use the services of Dentist consultants, peer review committees of professional societies, and other consultants.

Reductions - Acts of Third Parties

If an Insured is injured or becomes ill due to the act or omission of another person (a "third party"), the Plan shall, with respect to services required as a result of that injury, provide the benefits of this Policy and have an equitable right to restitution, reimbursement, or other available remedy to recover the amounts Blue Shield paid for Services provided to the Insured on a fee-for-service basis from any Recovery (defined below) obtained by or on behalf of the Insured, from or on behalf of the third party responsible for the injury or illness or from uninsured/underinsured motorist coverage.

Blue Shield's right to restitution, reimbursement, or other available remedy is against any recovery the Insured receives as a result of the injury or illness, including any amount awarded to or received by way of court judgment, arbitration award, settlement, or any other arrangement, from any third party or third party insurer, or from uninsured or underinsured motorist coverage, related to the illness or injury (the "Recovery"), without regard to whether the Insured has been "made whole" by the Recovery. Blue Shield's right to restitution, reimbursement, or other available remedy is with respect to that portion of the total Recovery that is due Blue Shield for the Benefits paid in connection with such injury or ill-

ness, calculated in accordance with California Civil Code section 3040.

The Insured is required to:

1. Notify the Plan in writing of any actual or potential claim or legal action which such Insured expects to bring or has brought against the third party arising from the alleged acts or omissions causing the injury or illness, not later than 30 days after submitting or filing a claim or legal action against the third party; and,
2. Agree to fully cooperate with the Plan to execute any forms or documents needed to enable Blue Shield to enforce its right to restitution, reimbursement, or other available remedies; and,
3. Agree in writing to reimburse Blue Shield for Benefits paid by Blue Shield from any Recovery when the Recovery is obtained from or on behalf of the third party or the insurer of the third party, or from uninsured or underinsured motorist coverage; and,
4. Provide the Plan with a lien in the amount of Benefits actually paid. The lien may be filed with the third party, the third party's agent or attorney, or the court, unless otherwise prohibited by law; and,
5. Periodically respond to information requests regarding the claim against the third party, and notify Blue Shield, in writing, within ten (10) days after any Recovery has been obtained.

An Insured's failure to comply with items 1. through 5. shall not in any way act as a waiver, release, or relinquishment of the rights of the Plan.

Further, if the Insured receives services from a Participating Hospital for such injuries or illness, the Hospital has the right to collect from the Insured the difference between the amount paid by Blue Shield and the Hospital's reasonable and necessary charges for such services when payment or reimbursement is received by the Insured for medical expenses. The Hospital's right to collect shall be in accordance with California Civil Code 3045.1.
