## Endnotes

- 1 For family coverage, there is an individual integrated medical and pharmacy deductible within the family integrated medical and pharmacy deductible. This means that the integrated medical and pharmacy deductible will be met for an individual who meets the individual integrated medical and pharmacy deductible prior to meeting the family integrated medical and pharmacy deductible. After the calendar year integrated medical and pharmacy deductible is met, the Member is responsible for a copayment or coinsurance from participating providers. Participating providers accept Blue Shield's allowable amounts as full payment for covered services.  
  
Non-participating providers can charge more than these amounts. When Members use non-participating providers, they must pay the applicable deductibles, copayments or coinsurance plus any amount that exceeds Blue Shield's allowable amount. Charges above the allowable amount do not count toward the calendar year integrated medical and pharmacy deductible or out-of-pocket maximum. Covered Services by Non-Preferred and Non-Participating Providers that are prior authorized as Preferred or Participating will be covered as a Preferred or Participating Provider Benefit. Note: All covered services received from non-participating providers are subject to the deductible except for covered pediatric vision and pediatric dental services.
- 2 For family coverage, there is an individual out-of-pocket maximum within the family out-of-pocket maximum. This means that the out-of-pocket maximum will be met for an individual who meets the individual out-of-pocket maximum prior to the family meeting the family out-of-pocket maximum.  
  
Copayments or coinsurance for covered services accrue to the calendar year out-of-pocket maximum, except copayments or coinsurance for (a) charges in excess of specified benefit maximums; (b) Bariatric surgery: covered travel expenses for bariatric surgery; and (c) Dialysis center services dialysis services from a non-participating provider. Copayments, coinsurance, and charges for services not accruing to the Member's calendar year out-of-pocket maximum continue to be the Member's responsibility after the calendar year out-of-pocket maximum is reached. Please refer to the Summary of Benefits and *Evidence of Coverage* for additional details. Co-payments may never exceed the plan's actual cost of the service.
- 3 Preventive Health Services, including an annual preventive care or well-baby care office visit, are not subject to the calendar year integrated medical and pharmacy deductible. Other covered non-preventive services received during, or in connection with, the preventive care or well-baby care office visit are subject to the calendar year integrated medical and pharmacy deductible and applicable Member copayment/coinsurance.
- 4 The allowable amount for non-emergency surgery and services performed in a non-participating ambulatory surgery center is \$300 per day. Members are responsible for the coinsurance and all charges in excess of \$300 per day. Charges that exceed the allowable amount do not count toward the calendar year out-of-pocket maximum and continue to be owed after the maximum is reached.
- 5 The allowable amount for non-emergency surgery and services and supplies received from a non-participating hospital or facility is limited to \$500 (outpatient) or \$2,000 (inpatient) per day. Members are responsible for the coinsurance and all charges that exceed \$500 (outpatient) or \$2,000 (inpatient) per day. Charges that exceed the allowable amount do not count toward the calendar year out-of-pocket maximum and continue to be owed after the maximum is reached.
- 6 Participating non-hospital based ("freestanding") outpatient x-ray, laboratory, and pathology or radiology center may not be available in all areas. Outpatient x-ray, pathology and laboratory and radiology services may also be obtained from a hospital, an ambulatory surgery center, or radiology center that is affiliated with a hospital, and paid according to the hospital services benefits.
- 7 Bariatric surgery is covered when prior authorized by Blue Shield; however, for Members residing in Imperial, Kern, Los Angeles, Orange, Riverside, San Bernardino, San Diego, Santa Barbara and Ventura counties ("Designated Counties"), bariatric surgery services are covered only when performed at designated contracting bariatric surgery facilities and by designated contracting surgeons. Coverage is not available for bariatric services from any other participating provider and there is no coverage for bariatric services from non-participating providers. In addition, if prior authorized by Blue Shield, a Member in a Designated County who is required to travel more than 50 miles to a designated bariatric surgery facility will be eligible for limited reimbursement for specified travel expenses for the Member and one companion. Refer to the Summary of Benefits and *Evidence of Coverage* for further details.
- 8 For plans with a calendar year integrated medical and pharmacy deductible amount, services with a day or visit limit accrue to the calendar year day or visit limit maximum regardless of whether the plan calendar year integrated medical and pharmacy deductible has been met.
- 9 Services may require prior authorization by the plan. When services are prior authorized, Members pay the participating provider amount.
- 10 This plan's prescription drug coverage provides less coverage on average than the standard benefit set by the federal government for Medicare Part D (also called non-creditable coverage). It is important to know that generally you may only enroll in a Medicare Part D plan from October 15th through December 7th of each year. If you do not enroll in a Medicare Part D plan when you are first eligible to join, you may be subject to a late enrollment penalty in addition to your Part D premium when you enroll at a later date. For more information about your current plan's prescription drug coverage, call the Customer Service telephone number on your identification card, Monday through Thursday between 8:00 a.m. and 5:00 p.m. or on Friday between 9:00 a.m. and 5:00 p.m. The hearing impaired may call the TTY number at (888) 239-6482.
- 11 Contraceptive drugs and devices covered under the outpatient prescription drug benefit do not require a copayment and are not subject to the calendar year integrated medical and pharmacy deductible when obtained from a participating pharmacy. However, if a brand contraceptive drug is selected when a Tier 1 drug equivalent is available, the Member is responsible for paying the difference between the cost to Blue Shield for the brand contraceptive and its Tier 1 drug equivalent. The difference in cost that the Member must pay does not accrue to any calendar year medical or pharmacy deductible and is not included in the calendar year out-of-pocket maximum responsibility calculation. The Member or physician may request a medical necessity exception to the difference in cost as further described in the *Evidence of Coverage*. In addition, select brand contraceptives may need prior authorization to be covered without a copayment.
- 12 If a Member or physician selects a brand drug when a Tier 1 drug equivalent is available, the Member is responsible for paying the difference in cost between the cost to Blue Shield for the brand drug and its Tier 1 drug equivalent, in addition to the Tier 1 copayment. The difference in cost that the Member must pay does not accrue to any calendar year out-of-pocket maximum responsibility calculation. The Member or physician may request a medical necessity exception to the difference in cost as further described in the *Evidence of Coverage*. Refer to the *Evidence of Coverage* and Summary of Benefits for details.

- 13 Network Specialty Pharmacies dispense Specialty Drugs, which require coordination of care, close monitoring, or extensive patient training that generally cannot be met by a retail pharmacy. Network Specialty Pharmacies also dispense Specialty Drugs which may also require special handling or manufacturing processes, restriction to certain Physicians or pharmacies, or reporting of certain clinical events to the FDA. Specialty Drugs are generally high cost.
- 14 Specialty Drugs are available from a Network Specialty Pharmacy. A Network Specialty Pharmacy provides Specialty Drugs by mail or upon Member request, at an associated retail store for pickup.
- 15 Blue Shield's Short-Cycle Specialty Drug Program allows initial prescriptions for select Specialty Drugs to be dispensed for a 15-day trial supply, as further described in the *Evidence of Coverage*. In such circumstances, the applicable Specialty Drug copayment or coinsurance will be pro-rated.
- 16 Mental Health and Substance Use Disorder Services are accessed through Blue Shield's Mental Health Service Administrator (MHSA) using Blue Shield's MHSA participating and non-participating providers. Only Mental Health and Substance Use Disorder Services rendered by Blue Shield MHSA participating providers are administered by the Blue Shield MHSA. Mental Health and Substance Use Disorder Services rendered by non-participating providers are administered by Blue Shield.
