**Endnotes:**

- 1 The member pays for covered services until the calendar year medical deductible is met. Members will continue to pay for covered services until the calendar year out-of-pocket maximum is met.

For family coverage, there is an individual medical deductible within the family medical deductible. This means that the medical deductible will be met for an individual who meets the individual medical deductible prior to meeting the family medical deductible

After the calendar year medical deductible is met, the member is responsible for a copayment or coinsurance from participating providers. Participating providers accept Blue Shield's allowable amounts as full payment for covered services. Non-participating providers can charge more than these amounts.

When members use non-participating providers, they must pay the applicable deductibles, copayments or coinsurance plus any amount that exceeds Blue Shield's allowable amount. Charges above the allowable amount do not count toward the calendar year medical deductible out-of-pocket maximum.

- 2 For family coverage, there is an individual out-of-pocket maximum within the family out-of-pocket maximum. This means that the out-of-pocket maximum will be met for an individual who meets the individual out-of-pocket maximum prior to the family meeting the family out-of-pocket maximum.

Copayments or coinsurance for covered services accrue to the calendar year out-of-pocket maximum, except copayments or coinsurance for (a) charges in excess of specified benefit maximums; (b) Bariatric surgery; covered travel expenses for bariatric surgery; and (c) Dialysis center services dialysis services from a non-participating provider.

Copayments, coinsurance, and charges for services not accruing to the member's calendar year out-of-pocket maximum continue to be the member's responsibility after the calendar year out-of-pocket maximum is reached. Please refer to the Summary of Benefits and *Evidence of Coverage* for additional details.

- 3 The allowable amount for non-emergency surgery and services and supplies received from a non-participating hospital or facility is limited to \$500 (outpatient) or \$2000 (inpatient) per day. Members are responsible for the coinsurance and all charges that exceed

\$500 (outpatient) or \$2000 (inpatient) per day. Charges that exceed the allowable amount do not count toward the calendar year out-of-pocket maximum and continue to be owed after the maximum is reached.

- 4 Services may require prior authorization by the plan. When services are prior authorized, members pay the participating provider amount.
- 5 The allowable amount for non-emergency surgery and services performed in a non-participating ambulatory surgery center is \$300 per day. Members are responsible for the coinsurance and all charges in excess of \$300 per day. Charges that exceed the allowable amount do not count toward the calendar year out-of-pocket maximum and continue to be owed after the maximum is reached.
- 6 Bariatric surgery is covered when prior authorized by Blue Shield; however, for members residing in Imperial, Kern, Los Angeles, Orange, Riverside, San Bernardino, San Diego, Santa Barbara and Ventura counties ("Designated Counties"), bariatric surgery services are covered only when performed at designated contracting bariatric surgery facilities and by designated contracting surgeons. Coverage is not available for bariatric services from any other participating provider and there is no coverage for bariatric services from non-participating providers. In addition, if prior authorized by Blue Shield, a member in a Designated County who is required to travel more than 50 miles to a designated bariatric surgery facility will be eligible for limited reimbursement for specified travel expenses for the member and one companion. Refer to the Summary of Benefits and *Evidence of Coverage* for further details.
- 7 This plan's prescription drug coverage provides less coverage on average than the standard benefit set by the federal government for Medicare Part D (also called non-creditable coverage). It is important to know that generally you may only enroll in a Medicare Part D plan from October 15th through December 7th of each year. If you do not enroll in a Medicare Part D plan when you are first eligible to join, you may be subject to a late enrollment penalty in addition to your Part D premium when you enroll at a later date. For more information about your current plan's prescription drug coverage, call the Customer Service telephone number on your identification card, Monday through Thursday between 8:00 a.m. and 5:00 p.m. or on Friday between 9:00 a.m. and 5:00 p.m. The hearing impaired may call the TTY number at (888) 239-6482.
- 8 Contraceptive drugs and devices covered under the outpatient prescription drug benefit do not require a copayment and are not subject to the calendar year medical deductible. However, if a brand contraceptive is selected when a Tier 1 drug equivalent is available, the member is responsible for paying the difference between the cost to Blue Shield for the brand contraceptive and its Tier 1 drug equivalent. The difference in cost that the member must pay does not accrue to any calendar year medical or pharmacy deductible and is not included in the calendar year out-of-pocket maximum responsibility calculation. The member or physician may request a medical necessity exception to the difference in cost as further described in the *Evidence of Coverage*. In addition, select contraceptives may need prior authorization to be covered without a copayment.
- 9 If a member or physician selects a brand drug when a Tier 1 drug equivalent is available, the member is responsible for paying the difference between the cost to Blue Shield for the brand drug and its Tier 1 drug equivalent, as well as the applicable Tier 1 copayment. The difference in cost that the member must pay does not accrue to any calendar year out-of-pocket maximum responsibility. The member or physician may request a medical necessity exception to the difference in cost as further described in the *Evidence of Coverage*. Refer to the *Evidence of Coverage* and Summary of Benefits for details.
- 10 Mental Health and Substance Use Disorder Services are accessed through Blue Shield's Mental Health Service Administrator (MHSA) using Blue Shield's MHSA participating and non-participating providers. Only Mental Health and Substance Use Disorder Services rendered by Blue Shield MHSA participating providers are administered by the Blue Shield MHSA. Mental Health and Substance Use Disorder Services rendered by non-participating providers are administered by Blue Shield. Inpatient services for acute detoxification are covered under the medical benefit; see the Hospital Benefits (Facility Services) section of the *Evidence of Coverage* for benefit details. Services for acute medical detoxification are accessed through Blue Shield using Blue Shield's participating providers or non-participating providers.
- 11 Network Specialty Pharmacies dispense Specialty Drugs which require coordination of care, close monitoring, or extensive patient training that generally cannot be met by a retail pharmacy. Network Specialty Pharmacies also dispense Specialty Drugs requiring special handling or manufacturing processes, restriction to certain Physicians or pharmacies, or reporting of certain clinical events to the FDA. Specialty Drugs are generally high cost.
- 12 The comprehensive examination benefit and allowance does not include fitting and evaluation fees for contact lenses.
- 13 This benefit covers collection frames at no cost at participating independent and retail chain providers. Participating retail chain providers typically do not display the frames as "collection," but are required to maintain a comparable selection of frames that are covered in full. For non-collection frames, the allowable amount is up to \$150; however, if (a) the participating provider uses wholesale pricing, then the wholesale allowable amount will be up to \$99.06, or if (b) the participating provider uses warehouse pricing, then the warehouse allowable amount will be up to \$103.64. Participating providers using wholesale pricing are identified in the provider directory. If frames are selected that are more expensive than the allowable amount established for this benefit, the member is responsible for the difference between the allowable amount and the provider's charge.
- 14 Contact lenses are covered in lieu of eyeglasses once per calendar year. See the Definitions section in the *Evidence of Coverage* for the definitions of Elective Contact Lenses and Non-Elective (Medically Necessary) Contact Lenses. A report from the provider and prior authorization from the Vision Plan Administrator (VPA) is required.
- 15 A report from the provider and prior authorization from the contracted VPA is required.
- 16 Preventive health services, including an annual preventive care or well-baby care office visit, are not subject to the calendar year medical deductible. Other covered non-preventive services received during, or in connection with, the preventive care or well-baby

care office visit are subject to the calendar year medical deductible and applicable member copayment/coinsurance.
