With Covered California, you can choose a health plan from insurance companies available in your area such as:

Financial help

Financial help is based on your age, family size, income, where you live, and the type of plan you choose. To learn more, go to CoveredCA.com/financial. Financial help includes:

Advance Premium Tax Credit (APTC)

APTC is paid directly to your insurance company to lower your monthly premium. Your monthly premium amount will be what APTC does not cover.

Cost Sharing Reduction (CSR)

CSR lowers the amount you pay for deductibles and copays. To get CSR you must meet income requirements and choose a Silver plan.

How APTC affects your taxes

At tax time, the Internal Revenue Service (IRS) compares the APTC you got during the year with what you qualified for based on your actual income. You will get tax forms that show the amount paid to your health plan. You will use the forms to fill out your tax returns. The IRS will make sure you got the right amount of financial help. Be sure to report income and household changes right away to Covered California so you will not have to pay back APTC when you file your taxes.

Words to know for your plan

Here are some words to help you use your new health plan.

Premium: This is the amount you pay every month to your health plan to keep your health insurance coverage.

Preventive care: This is routine health care to prevent illness, disease and other health problems. All Covered California plans include free preventive services like yearly flu shots, screenings and checkups.

Copay: This is a fixed amount you pay for certain covered services like doctor visits. There are no copays for preventive care services, screenings and vaccinations.

Deductible: This is the fixed amount some plans require you to pay before the plan starts to pay its share for covered services, like hospitalizations and procedures. Deductibles do not apply to free preventive care services.

Coinsurance: For plans that include coinsurance, some health care services will cost you a percentage of the total cost. Depending on your plan, your share of the cost can range from 10-40%. These costs apply after you have met your deductible.

Out-of-pocket limit: This is the maximum you will pay each year for covered medical services before your health plan starts to pay for 100% of services. This protects you and your family from very high medical expenses. Most copayments, deductibles and coinsurance payments count toward this limit.
