

CITIZENSHIP AND LAWFUL PRESENCE; REQUEST FOR VERIFICATION FAQ

Why do I have to provide information about citizenship and immigration status?

The law requires that everyone who enrolls in health insurance through Covered California show proof they are “lawfully present” in the country in order to be eligible to get insurance.

All information you provide to us about immigration status will be kept secure and private and will not be used by any immigration agency for the purpose of immigration enforcement.

Who is considered “lawfully present”?

A lawfully present person in the United States generally includes:

- A U.S. citizen or U.S. national
- A lawful permanent resident (or “green card holders”)
- A lawful temporary resident
- Persons fleeing persecution, including refugees and asylees
- Other humanitarian immigrants, including those granted temporary protected status.

What kind of documents show that I am “lawfully present” as either a U.S. citizen or immigrant eligible for coverage?

Examples to prove U.S. citizenship include:

- A copy of a U.S. passport
- Certificate of Naturalization (N-550/N-570)
- Certificate of Citizenship (N-560/N-561)
- A U.S. birth certificate and photographed identification card

When are the documents due?

Documents are due by September 30, 2014.

What happens if I do not send documents?

It is very important to send us your documents. If we do not get your documents, Covered California must cancel your health insurance along with the federal tax credit you may be using to lower your monthly premiums.
