Notes

¹In a family plan, an individual is responsible only for the single out-of-pocket maximum amount. Cost sharing payments (copayments and coinsurance, but not premiums) made by each individual in a family contribute to the family out-of-pocket maximum. Once the family out-of-pocket maximum is reached, the plan pays all costs for covered services for all family members. Cost sharing payments for all in-network services accumulate toward the out-of-pocket maximum.

²Includes preventive services with a rating of A or B from the US Preventive Services Task Force; immunizations for children, adolescents and adults recommended by the Centers of Disease Control; and preventive care and screenings supported by the Health Resources and Services Administration for infants, children, adolescents and women. If preventive care is received at the time of other services, the applicable copayment for such services other than preventive care may apply.

³"Other Practitioner Office Visits" includes: Therapy visits, office visits not provided by Primary Care Physicians or Specialty Physicians, and office visits not specified in another benefit category.

⁴Of contracted rates

⁵Out of pocket cost is based on type and location of service (e.g. outpatient surgery cost-share for outpatient surgery or specialist office visit cost-share for a service received during a specialist office visit).

⁶Severe Mental Illnesses include: schizophrenia, schizoaffective disorder, bi-polar disorder (manic depressive illness), major depressive disorders, panic disorder, obsessive-compulsive disorder, pervasive developmental disorder or autism, anorexia nervosa and bulimia nervosa.

⁷Member cost-share will not exceed \$200 per individual prescription of up to a 30-day supply of a covered oral anti-cancer drug. 90-day supply cost share applies to maintenance medications filled by mail order only.

Note: Cost sharing for services with copayments is the lesser of the copayment amount or allowed amount (the maximum amount on which payment is based for covered health care services).
